You can find different kinds of accommodation on the internet.

There is one Hotel very close called "Hotel Rosenheim". It is only a 5 minute drive away from the farm. The ATLANTIC Hotel Kiel is very nice too.

Who would like to, can sleep in his tent on one of our fields. We do have one toilet and one sink on the farm. If you wish to do that please make a note on the registration form.

Horse trailers can be parked on the farm.

Directions to find our farm you will find on our homepage www.ostsee-shires.de.

In case you don't have internet, just ring us and we will send you the missing information.

In between the classes we would like to have some Show-Acts. If you are interested in participating with your horse as an actor, please tell us.

About the registration

Please give us a few more informations about you and your horse. We would like to inform the audience while being in the show ring about you and your horse. Informations like Pedigree of the horse. Where does it come from? Who is the breeder? What do you do with your horse at home? Are you a breeder yourself and for how long? Etc.

Notes:

General:

To give all horses the same chances we decided, that the horses do not need to be traditionally plaited.

Everybody should be free to decide, whether he or she wants to plait his or her horse or not. The judge will be instructed not to judge the plaiting, so there will be no disadvantage for unplaited horses.

Tails have to be put up or to be plaited up, so that the judge is able to see the hind legs. Tails are not allowed to be sheared. Exception: the horse was just recently imported from the UK (proof is necessary!).

Two-Year-Old Stallions and older have to be turned out with a stallion-tag.

Show:

You and your horse will be entering the show ring together with the other horses of your class going round a circle until the judges stop you. The judges will judge each horse itself. After that you walk round the circle again and the judge will do his first estimation placing the horses in a row. Then each horse will be presented in front of the judges walking and trotting up and down. Furthermore you should push the horse some steps backwards and make the horse stand in front of the judge with hocks together. Then you go back to the row.

After showing, the judges might change their first estimation. Therefore the horses walk round in a circle again until the judge announces the results by rowing the horses again and raising his hat.

● **Showing:**

The condition of the hoofs may influence the judging.

Furthermore we want to draw your attention to the following shoeing-guidelines of the German Shire Horse Society:

- Foals, Yearlings and Two-Year-Olds are not allowed to be shoed. Exception for medical or orthopedic reasons, proofed by a vet-certificate that was shown before to the organizer of the show. The certificate can't be issued afterwards.
- Shoed horses: the horseshoe has to fit the whole edge of the hoof, including the hoof quarter. The sides of the shoes have to be evenly. If you're using studs, they must have the same shape and size and should be placed symmetrically. One-sided studs are forbidden. „Bevelling“ (bended shoes making the hoof look bigger) are in Germany undesirable (safety first).

Horses that don't serve these guidelines will be disqualified without refunding the entry fee.

● **Protection of Animals:**

Please pay attention to the latest guidelines for the protection of animals, especially “The Guidelines for keeping horses under the point of protecting animals” by the Federal Minister of Consumer Protection, Feeding and Agriculture (www.dshv.de).

● **Doping:**

The doping in any form is prohibited under doping / medication list of the FN. The organizer keeps the right to do random doping checks.

● **Dress Code:**

Clean trousers, shirt; headgear allowed, but not expected.

Men: tie and coat

Women: Blouse and Coat.

● **Helpers:**

As you might know, preparing the show is a lot of work. Also the exhibitors/ actors are pleased about every helping hand. If you want to support us or an exhibitor/ actor please contact us via E-Mail ostsee-shires@gmx.de or call us: 0049 (0)4307/8109065 or 0049 (0)173/3867719.
